

# Take the shortest route to success – with CertiStep!

Our success-guaranteed study method puts you in the driver's seat. Pop in the CD and critical questions and answers are right at your fingertips. Datachem, developer of the interactive computer-based CertiStep method, is the market leader in exam certification preparation software. In addition to being easy to use, CertiStep gives you these advantages:

- save time and money by studying where, when, and how you want
- diagnose how well you know each subject area
- focus on your weaker subject areas using keyword searches
- access detailed explanations for all bodies of knowledge
- develop your computer test-taking skills as you learn
